

GLOBAL HEALTHCARE NAVIGATOR LTD

POLICY NUMBER: 6

POLICY TITLE: Uniform Expectations and Requirement

Uniform Expectations and Requirement Policy

It is a requirement of our clients that all Agency staff workers attend assignments properly dressed in a clean uniform, so that they are easily identifiable as from the agency.

There are certain exceptions to this, and your recruitment consultant will inform you of this at the time of booking, but may include mental health facilities, theatre or support settings.

Never attend a shift in your uniform or leave a shift in your uniform. Infection control must be always observed.

- Do not wear jewellery whilst on assignment.
- Always tie long hair up neatly
- Always wear a clean uniform
- Wear sensible shoes and avoid loose clothing

The uniform requirement of the nursing agency is displayed clearly on Global Healthcare Navigator Ltd website. Uniforms are available from the Global Healthcare Navigator office.
